Botanical extracts

We produce a wide range of botanical extracts for cosmetic use. Made from fresh and dry plant material, including fresh fruit, flowers, leaves, roots and berries.

Manufactured to order in glycerine, glycol, oil and alcohol bases.

Salts and miscellaneous

We offer Dead Sea salts, Himalayan Pink salts and Epsom salts, in various grades.

Also available are many other cosmetics ingredients with multiple properties: abrasive, absorbant, antifoaming, anti oxidant, anti-plaque, buffering, chelating, cleansing, conditioning, deodorant, emolient, emulsifying, humectant, masking, moisturising, pearlescent, preservative, skin protection, UV absorbant, viscosity modifier.
