

Melt and pour soap bases

Inovia International has been a key strategic distribution partner for stephenson personal care's wide range of high quality soap bases. part of the stephenson group, the company has evolved and grown over the last 160 years, and now develops and supplies products for personal care brands and manufacturers worldwide – from large blue chip brands to small and medium sized craft businesses.

CRYSTAL HONEY

Vegetable based, sulfate free, Honey melt and pour soap base. Made using real Honey this rich soap base contains natural antioxidants ideal for soothing the skin. Used for the manufacture of high quality, Honey-coloured translucent soap bars.

CRYSTAL HEMP

Hemp Oil has been used worldwide for centuries, to treat a number of skin conditions from acne to psoriasis. The resin from the hemp seed contains Omega 3 & 6 fatty acids which are key components in maintaining healthy skin, producing a natural moisturiser. Our new Crystal Hemp melt & pour soap base is mild, vegetable based, naturally derived and sulfate free to refresh and revive the skin. Used for the production of high quality transparent Hemp Oil soap bars.

CRYSTAL OV

Made with Olive Oil, this soap base has a rich lather with excellent moisturising benefits. Crystal OV has a very slight green hue to it due to the natural Olive Oil added, all the while remaining highly translucent with a rich feel for a luxury sensorial experience. Used for the manufacture of high quality Olive Oil translucent soap bars.
